

#### About this brochure

The information contained in this brochure is based on the data and images available at the time of printing. All equipment shown is factory fitted, or available as an option at extra cost (depending on model). Where you see a feature described as an option, you should assume that it is available at extra cost, unless specifically stated otherwise. Some feature combinations may not be available in the UK. Also, some photography may feature vehicles which are left hand drive. As part of our policy of continuous specification improvement, Peugeot reserve the right to modify technical equipment, the options available, and colours at any time. For full specification ask your Peugeot Dealer, or click on [www.peugeot.co.uk](http://www.peugeot.co.uk).

Please note that print and photographic processes used in the creation of this brochure may alter the depth and tone of the colours shown. This brochure is not a contractual document or offer of sale. The details in this brochure cannot be reproduced without the expressed authorisation of Peugeot.

207 GTi  irresistible

Peugeot

# 207 GTi THP 175

Impressive, innovative and simply GTirresistible. From Peugeot, the company that brought you the legendary 205 GTi, comes the amazing 207 GTi THP 175.

The powerful new THP 175 engine features direct fuel injection plus a twin scroll turbocharger and Variable Valve Timing (VVT), producing 260Nm of super smooth torque at just 1,600rpm for an immediate response in any situation. We've even added an overboost to give you a burst

of extra power when you need it.

On the road that means this hatch can set a blisteringly hot pace – sprinting from 0-62 in just 7.1 seconds and, if you ever tour as far as the autobahn, hitting a top speed of 137 mph.

“The 207 GTi is a fabulous hot hatch.”

Auto Express, 28th March 2007.

The handling's nothing short of superb either. We've modified the suspension all round and added a unique anti-roll bar at the front to give you the kind of assuredness you'd expect from a Peugeot.

Plus to ensure maximum composure even at high speeds, the 207 GTi is the first Peugeot to be equipped with our radical new Steering Stability Programme (SSP) which links the variable power steering with the Electronic Stability Programme (ESP), dramatically improving control and stability, and

shortening braking distances, even in difficult road conditions.

Looks like this spirited 207 is all set to be the next GTicon.

**Can't resist finding out more? You can see the exciting 207 GTi at a Peugeot dealer near you now and more breathtaking information will be released soon. Are you ready for it?**

Engine	THP 175
